Welcome To Pancaran Group

"Your Trust And Sustainable Future, We Care"

- More than 20 Years of Professional Experience
- Trustworthy Logistics Partner
- Customized Services with the Best Quality at Affordable Prices
- Forward-Thinking, Innovative & Technology-Oriented Solutions

About Us

For over 2 decades, Pancaran Group has prevailed in integrating domestic and international supply chain inefficiencies by providing our clients with an exclusively customized all-in-one solution.

Pancaran Group serves you beyond your logistical needs. Renewable Energy Power Plants, Economic Ship Building, Innovative Tracking Technologies, Elaborate Warehousing Management, Custom Clearances, Freight Forwarding, Project Logistics, Natural Resources Mining & Trading, and Sea Transport are among the numerous industries we have branched towards.

Core Values

Integrity

We honor our responsibility to being honest, respectful, and ethical in our actions and business practices.

Customer Focus

Our relationships with you is what matters most. We commit to deliver our best services and products to both our internal and external customers.

Collaboration

We believe in the power of teamwork and diversification. By functioning as one, we commit to present you with exceptional outcomes.

Continuous Improvement

With innovation, a growth mindset, and a positive outlook, we relentlessly pursue improvements and foster a passion for progress.

Vision & Mission

Vision

To be a leader in our integrated industries, driving sustainable growth and delivering excellence in every aspect of our operations.

Mission

1. Provide exceptional logistics solutions
2. Drive sustainable mining practices
3. Lead the renewable energy transition
4. Facilitate global trade in ore minerals
5. Prioritize customer satisfaction
6. Foster a culture of innovation
7. Promote safety and sustainability
8. Forge strategic partnerships
9. Embrace digital transformation
10. Empower our people

Our History

1990

Inland Transport

Our expertise in handling various types of cargo, lead us to deliver services into many industries, such as, 3PL, Oil and Gas, Manufacturing, Mining, Electronics, Chemical, Consumer Goods, E-commerce, etc, and serve them for domestic, export-import, and special project transportation needs with various types of vehicles, Trailers, Semi Trailers, Box Trucks, Wingbox Trucks, Mixer Trucks, Pick Up Box, and Light Vehicles.

2010

Sea Transport

Pancaran Shipping Group is the whole and soul of our sea transportation services. Here, the challenges of global shipping are met with perfection in every way from Safety and Quality Control to Environment Awareness, leading to a remarkable breakthrough as a major dry bulk and liquid cargo sea transporter.

Our History

2010

Shipyard

Pancaran Samudera Shipyard started in 2010 by renting a place within a shared shipyard. Since the establishment of our own shipyard in 2018, it specializes in high-quality, affordable, all-in-one solutions for the building, maintenance, and repair of different types of ships. It is certified by ship classification societies and has certified welders, while offering extra services such as dredging, quay facilities, and offshore base facilities.

2012

Warehouse Management & Custom Clearance

We provide a complete range of logistics and transportation services, including warehousing, distribution, inter-island transportation, customs clearance, and freight forwarding. Our highly skilled and professional staff are dedicated to ensuring total customer satisfaction and delivering the highest quality service at the best possible cost, while continuously expanding our operations throughout Indonesia's archipelago.

Our History

2014

Oil and Gas (Inland Transport)

PT Pancaran Energy Transport specializes in providing transportation services to the oil and gas and mining industries, meeting the high safety standards required in these sectors through rigorous management of documents, vehicles, equipment, operations, and crews.

2021

Mining & Trading

PT Sentosa Swadaya Tama trades high-quality minerals while minimizing our carbon footprint since 2015. We deliver top-tier coal with integrity, innovation, and collaboration. Our focus on continuous improvement drives our diverse offerings, opening our mining operations in 2021. We guarantee on-time deliveries sourced only from fully compliant mines. With our rigorous checks, you can rest assured that your orders will arrive safe and sound with our industry-leading quality.

Our History

2022

Renewables Generation

PT Trimegah Alam Makmur supports Indonesia's transition to renewable energy. We strive to develop efficient and sustainable clean energy systems. As an Independent Power Producer, we aim to acquire, design, build, and operate new renewable energy power plants across Indonesia. Our vision is to lead Indonesia's renewable energy sector and contribute to its G20 commitment. Our mission is to reimagine Indonesia's energy through technology-driven renewable power plants.

Business Overview

Inland Transport

With over 30 years of experience, we proudly announce our prestigious awards from industry-leading customers who trust us with their key critical projects.

We contribute our respectable track record to our paramount focus on continuously improving our management system, including our Quality Health, Safety, Security, and Environment (QHSSE) management, which pioneered the implementation of highly automated supply chain systems in the industry.

Offering you a one-stop shop to integrate end-to-end services and supply chains!

Business Overview

Sea Transport

Pancaran Shipping Group excels in sea transportation, meeting global shipping challenges with perfection. Established in 2007, we focus on delivering minerals, commodities, and energy. We have earned the trust of major players in the coal and CPO industries. We prioritise maintaining high-standard operational procedures and ensuring the highest HSE standard. We offer various sizes and engines for our competitive barging services and operate 150 conventional dry and oil barges. In addition, we offer ship brokering services for commodities such as CPO, HSD diesel, and their derivatives.

Business Overview

Pancaran Samudera Shipyard (PSS) specializes in Ship Building and Maintenance. As one of the biggest shipyards in Samarinda, we offer affordable rates while meeting the highest international standards. We can repair 8 sets of barges and tugboats per month and have built and repaired hundreds of sets. We offer an all-in-one solution for building, rebuilding, maintenance, and repair of different sizes, engines, and types of ships. Our welders are certified and we offer extra services such as dredging, quay facilities, and offshore base facilities.

Business Overview

Mining & Trading

We care about our environment. We believe in producing high-quality minerals, rocks, and metals while leaving a minimal carbon footprint. We re-imagine mining.

We are currently working towards being a nickel mining contractor and are processing land concessions to present a vast offering of natural resources, like coal, nickel, limestone, andesite, and silica sand. Our continuous improvement motto drives our diversity of offerings and the art of perfecting existing processes.

Business Overview

Renewable Energy

Pancaran is empowered by change – we strongly support the urgency for Indonesia's transition to renewable energy.

Just like our parent company, **Trimegah Alam Makmur (TAM)** is built on the foundation of integrity, continuous improvement, and taking calculated risks.

We are committed to powering Indonesia through developing highly efficient, affordable, and sustainable clean energy systems.

By utilizing our internal expertise, TAM is looking to acquire, design, build, and operate new renewable energy power plants across Indonesia.

Safety Commitment

HSE Statement

Pancaran Group was founded as a Logistics Service Company that recognizes the importance of Health, Safety, and Environment (HSE) as a top priority without exception. We continuously strive to improve our HSE performance by promoting a safety culture and targeting zero incidents or accidents in the spirit of *"Come Home Safely"*.

Our HSE policy tagline is **SMILE**, which stands for **Safety, Man Health, Integrity, Learning, and Environment**. This tagline represents our commitment to workplace safety and is communicated to all employees in every company business process.
